

UA GATING CRITERIA	Green Zone	Yellow Zone	Red Zone	Most Recent Report from KCMO Health Dept 01.02.21 *new update anticipated weekly*
Total new cases per 100,000 in previous two weeks	< 50	51-200	201 or more	565
Positivity Rate: % of tests that return positive over previous two weeks	< 5%	5%-10%	>10%	32.86%
Trend in Incident Rate (change in two-week period)	Decreasing by 5% or more	Between -5% and + 5% change	Increasing by more than 5%	0.51%
Other Factors: Available staff, bus availability, cafeteria capacity, time remaining in quarte/semester.	Fully staffed, contracted services (bus and cafeteria) staffed and ready.	Not quite fully staffed or not staffed sufficiently to run both virtual and remote tracks simultaneously. Contracted services limited.	Severely short staffed	
Possible Modes of Education Delivery	Full in person school could resume. Remote learning remains option for families.	In person for PK – 3 <sup>rd</sup> grade, Hybrid possible for MS/US	Remote for all grades	

Data will be sourced from KCMO Health Department’s weekly public reports. UA will look at zip codes within KCPS and measure those data points against our gating criteria.

Once a determination has been in either Green or Yellow, it will take approximately two weeks from the determination date until the school will be ready to open to students, due to time needed to staff and adjust schedules.
